

place honors, more than 100 national titles, and seven sweepstakes championships as the finest team in the country. They have also won national titles in all four divisions, something no other school in the country has ever achieved.

The Ecole Classique team undergoes an intense year of preparation and hard work to prepare for the Academic Games. At the tournament they divide into four divisions and use creative problem solving skills and strategies to compete against other students from across America in the areas of Social Studies, Language Skills, Mathematics and Logic.

Once again, their hard work has paid off. At this year's competition, the Ecole Classique students won more than 100 trophies, 16 national championships and two sweepstakes titles—far outpacing their nearest competitors.

Making Ecole Classique's accomplishment even more remarkable is the fact that while other teams are comprised of all-star students pooled from multiple schools, Ecole Classique's team only consists of students who attend this small school in Metairie, Louisiana.

I must also salute the team's coach, Don Shannon. An extraordinary leader and mentor, Mr. Shannon has distinguished himself by becoming the only Academic Games coach in the nation to lead multiple sweepstakes champions in all four divisions.

I congratulate the remarkable students of Ecole Classique's Academic Games team who continue to make their family, school and community proud, and extend my very best wishes for their continued success.●

#### TRIBUTE TO WILLIAM WENTWORTH—2000 ENTREPRENEUR OF THE YEAR

● Mr. SMITH of New Hampshire. Mr. President, I rise today to honor William Wentworth upon his recognition as the 2000 Entrepreneur of the Year by the New Hampshire High Technology Council.

Bill is the President and CEO of Source Electronics, a software programming company that he has increased in size from three employees in 1988 to its current number of 220. Bill's strong commitment to customer service and the highest levels of quality are the primary reason why Source Electronic was able to grow into such a successful business.

Source Electronics illustrates true dedication to its clients by tailoring programs to meet their needs, such as an interactive website allowing customers the ability to submit and track their orders. It is competitive advantages like these that set Source Electronics apart from other companies and allows them to do business with large firms such as Lucent Technologies, Cabletron and Motorola, to name a few. The enthusiastic dedica-

tion to serve and support the customer is also demonstrated by the entire staff at Source Electronics, undoubtedly a result of the examples Bill has set for others. Under Bill's strong leadership, Source Electronics was voted one of the top ten companies in New Hampshire in 1997 and 1999.

The hard work Bill has invested into his company proves his keen business skill. The dedication he has exhibited in placing customer concerns first is truly commendable. It is companies like Bill's that prove New Hampshire's competitiveness in the technological field. Bill, it is an honor to represent you in the United States Senate.●

##### HOUSE RESOLUTION No. 564

Whereas, Illinois is a coal-producing and coal-consuming State that has benefitted tremendously from the hard, dangerous work of retired coal miners; and

Whereas, The United States government entered into a contract with the coal miners in 1946 that created the United Mine Workers of America Health and Retirement Funds; and

Whereas, This contract was signed in the White House in a ceremony with President Harry Truman; and

Whereas, A federal commission established by U.S. Secretary of Labor Elizabeth Dole concluded in 1990: "Retired coal miners have legitimate expectations of health care benefits for life; that was the promise they received during their working lives and that is now they planned their retirement years. That commitment should be honored."; and

Whereas, This promise became law in 1992 when Congress passed, and President George Bush signed, the Coal Industry Retiree Health Benefit Act (the Coal Act); and

Whereas, The Coal Act reiterated the promise of lifetime health benefits for retired coal miners and their dependents; and

Whereas, Congress intended the Coal Act to:

"(1) remedy problems with the provision and funding of health care benefits with respect to the beneficiaries of multiemployer benefit plans that provide health care benefits to retirees in the coal industry;

(2) allow for sufficient operating assets for such plans; and

(3) provide for the continuation of a privately financed self-sufficient program for the delivery of health care benefits to the beneficiaries of such plans"; and
